Painting System Retail End Cap Earlex Inc.

This Retail End Cap from Earlex highlights the company's Spray Station 3000 and Spray Station 4000 Painting Systems. The 3000 is fitted with a 725W turbine motor, while the 4000 features a 750W turbine motor—both of which supply the spray gun with a constant airflow. This technique allows the sprayed paint to be distributed evenly despite varying viscosities, giving a fast professional finish with no brush marks. Features include:

- Ideal for spraying walls, ceilings, fences, iron work, decking, furniture
- 9' air hose
- 5.5' power cord
- Can spray a wide variety of materials
- Sprays as fine as 1 1/2.5cm
- Fitted with variable output control and 3 spray patterns
